Databases: MongoDB, MySQL, PostgreSQL, Redis

Messaging / Infra: Kafka, RabbitMQ, Docker, AWS, CI/CD, Firebase

AI Tooling: AI-Powered App Development, Prompt Engineering, AI Chatbot Development

Familiar With: Python, Django, .NET, C#

PROFESSIONAL EXPERIENCE

NODE JS Developer | Evervent Pvt Ltd *Feb 2025 – April 2026*

- Spearheaded backend development using Node.js to build and optimize high-performance REST APIs for large-scale data processing.
- Improved backend performance to efficiently handle large datasets under production load.
- Contributed across the stack to develop scalable, maintainable web applications.

MERN Stack Developer | CQLsys Technologies Pvt Ltd, Mohali *Jun 2023 – Nov 2024*

- Built robust admin panels, REST APIs, and customer-facing websites using the MERN stack.
- Developed scalable, efficient web applications from requirements through deployment.
- Implemented responsive design principles to ensure consistent UX across devices.

PROJECTS

Clipa App

- Built a platform for professional Christmas Light Installers to register, create a company, and manage helpers/workers within their organization.

Villagehood App

- Developed an on-demand service booking app enabling users to discover and book local services across multiple categories.

Jio Insurance

- Built an insurance discovery and assistance platform (inspired by JioInsure) enabling users to explore insurance solutions and connect directly with trained insurance professionals.
