

VIJAY SHARMA

Full Stack Developer (MERN)

Mohali, Sector 71 | vijaythaska2@gmail.com | +91 7300760917 | [LinkedIn](#)

PROFESSIONAL SUMMARY

Full Stack Developer with close to 3+ years of experience building scalable web applications, REST APIs, ERP systems, and admin panels across startup, product, and service-based environments. Skilled in React.js, Next.js, Node.js, MongoDB, and TypeScript, with a strong focus on performance optimization and delivering production-ready software.

TECHNICAL SKILLS

Frontend: React.js, Next.js, Redux, TypeScript, EJS

Backend: Node.js, Express, NestJS, REST API Design, JWT Auth

Databases: MongoDB, MySQL, PostgreSQL, Redis

Messaging / Infra: Kafka, RabbitMQ, Docker, AWS, CI/CD, Firebase, Socket.io, Git

AI Tooling: AI-Powered App Development, Prompt Engineering, AI Chatbot Development

PROFESSIONAL EXPERIENCE

MERN Stack Developer | Evervent Pvt Ltd | *Feb 2025 – Present*

- Built and optimized high-performance REST APIs handling large-scale data processing for production workloads.
- Improved backend response times and throughput by introducing caching and query optimization for large datasets under production load.
- Contributed across the stack — building Next.js UI components alongside Node.js APIs — to ship scalable, maintainable web applications.

MERN Stack Developer | CQLsys Technologies Pvt Ltd, Mohali | *july 2023 – Nov 2024*

- Built robust admin panels, REST APIs, and customer-facing websites using the MERN stack.
- Developed scalable, efficient web applications end-to-end, from requirements through deployment.
- Implemented responsive design principles to ensure consistent UX across devices.

PROJECTS

College Management System — *Next.js, React.js, Node.js, MongoDB (MERN)*

- Built a full-stack college management system for Glocal University covering student admission & records, attendance tracking, fees management, and exam/results management.
- Developed an admin panel with role-based access control, along with faculty and course management modules.

Clipa App — *Node.js, Express, MongoDB, React.js*

- Designed and built REST APIs for company registration, worker onboarding, and organization-level team management.
- Built an admin panel with role-based access control (owner / helper / worker) for managing jobs and teams.

Villagehood App — *Node.js, Express, Socket.io, MongoDB, React.js*

- Built a real-time chat module using Socket.io for direct customer-provider communication.
- Developed booking APIs covering service discovery, category-wise listings, and the full booking lifecycle.

Jio Insurance (Insurance Discovery Platform) — *Node.js, NestJS, MySQL, React.js, Next.js*

- Built backend APIs and ERP modules for lead management, agent assignment, and policy tracking.
- Implemented frontend-facing API integrations connecting the customer website to backend insurance workflows.

EDUCATION

Master of Computer Applications (MCA) | Glocal University | 2025 – Present

Bachelor of Computer Applications (BCA) | Institute of Professional Studies (I.P.S.), Gangoh | 2022 – 2025

Bachelor of Commerce (B.Com), Economics & Commerce | Bhagwati Sher Singh Memorial Degree College | 2019 – 2022
